

MEMORANDUM

COUNTY OF SAN MATEO PLANNING AND BUILDING DEPARTMENT

DATE: December 5, 2018
TO: Agricultural Advisory Committee
FROM: Angela Chavez, Planning Staff (650)599-7217
SUBJECT: Staff Report Correction

This memo is to advise the Agricultural Advisory Committee (AAC) and any interested parties of an error contained within the published Staff Report for Item #5 on the agenda. At the bottom of page one under the section which identifies questions for the AAC question number one reads as follows:

1. Will the development, including the new FLH units, non-soil dependent greenhouses, septic system, domestic well, and farm stand, have any negative effect on surrounding agricultural uses? If so, can any conditions of approval be recommended to minimize any such impact?

However, there are no non-soil dependent greenhouses included in the proposed project. Therefore, the question posed to the AAC should read as follows:

1. Will the development, including the new FLH units, septic system, domestic well, and farm stand, have any negative effect on surrounding agricultural uses? If so, can any conditions of approval be recommended to minimize any such impact?

This correction does not impact the discussion portions of the Staff Report.
